Mentoring Form

FreeToastHost has a variety of email features. Here you can control how some of these features work.

Select recipient(s)... **Recipient of replies to members email list emails**

All Officers and Sender **Recipient of replies to officer email list emails**

Select recipient(s)... **Recipient of replies to custom group emails**

i Select the recipient of replies to various email lists.

NOTE 1: Replies to *Non-Member Group emails* will **always** ignore the above setting and only go to the sender.

NOTE 2: You can override the reply settings for the members, custom groups, & officers lists for **single** emails by putting `{{replyall}}` or `{{replysender}}` at the beginning of your subject text when composing an email in your email client/webmail.

Make Custom Email Groups with only One Member Publicly Accessible

i Normally, all Custom Email Groups are accessible to members only. However, if you check this setting, you can effectively create new officer email addresses (aliases) that are publicly accessible by setting up new Custom Email Groups that you assign only one member to.

NOTE: *This only works with custom groups comprised of members.*

Club First, Name Last **From Address Format for Emails Forwarded by FreeToastHost**

i Select the format of the from address in emails sent through FreeToastHost email.
The default is Club First, Name Last.

In January of 2004, we introduced FreeToastHost to the Toastmasters community. Since that time, FreeToastHost has been helping clubs attract new members, operate more efficiently, and keep current members informed and interested. Over 11,000 Toastmasters clubs around the world benefit from the no-cost websites and on-line tools provided by FreeToastHost such as the duty roster, member directory, e-mail lists, club calendars. August of 2011, we introduced FreeToastHost 2, a generational update in the platform for Toastmasters Club and District websites.

In August 2018 we introduced FreeToastHost 3, the next step in Toastmasters Club and District websites with responsive templates and changes to support the EU GDPR laws.

FreeToastHost is a webhost specifically for Toastmasters clubs and districts anywhere in the world. Each website comes with easy-to-use web-based software ideal for any Toastmasters club. Providing your club is listed on Toastmasters.org, there is no-cost for this service! FreeToastHost was created by a Toastmaster, and is maintained and supported by a group of Toastmasters, with the cooperation of Toastmasters International. FreeToastHost 3 websites use the domain names ToastmastersClubs.org and ToastmastersDistricts.org for the club and district websites, respectively.
